## ABOUT KEC

Kuppam Engineering College was inaugurated by the technology savvy Hon'ble Chief Minister of AP Sri.N. Chandra Babu Naidu in 2001. The institute was promoted by a well-known philanthropist Sri.B.C.Nagaraj, Founder Chairman of BCN group of institutions. KEC is accredited by NAAC and recognized by UGC under 2(f) and 12(b). KEC is graded 'A' by the Government of AP. Dr. N. Sunil Raj, MBBS., is a young and dynamic vice-chairman working with an objective for the phenomenal growth of the institution and for its autonomous status in the near future. The institute is headed by a dynamic principal Dr. S. Sudhakar Babu, Ph.D., who has good academic and administrative experience.

## ABOUT THE DEPARTMENT

The Department of Computer Science & Engineering was established in 2001. We are currently running Undergraduate and Post Graduate Programme with intake of 120 and 18 respectively. Our department focus on comprehensive, interdisciplinary teaching in computer science, so as to enable learning and applying new innovations as the field evolves. It ensures a good academic environment that nurtures excellence, leadership and ethical values for successful professional careers as Engineers, Researchers and Entrepreneurs.

## VISION & MISSION OF THE DEPARTMENT

### VISION

Strive for excellence in Computer Science & Engineering producing competent professionals with ethical values and social responsibility.

## MISSION

The students will be able to achieve quality education by providing competent faculty members, innovative teaching-learning process, computing facilities and Skill Development Training in the field of Computer Science.

- Attaining academic excellence through competent faculty, innovative teaching-learning process and creating centre of excellence in leading areas of Computer Science.
- To create ambiance for effective learning and skill development by promoting research culture with industry institute interaction.
- To inculcate professionalism adherence to ethical and social values.

## SCOPE OF THE CONFERENCE

Now-a-days conference is being organized to highlight the advance and research finding in the field of computer science to the young engineers. NCRICCT'19 will provide opportunities to the students, researchers, faculty members in academic institutions and professionals in IT industries to share their innovative ideas, to enhance their research knowledge in various domains in the field of information and communication technology.
